

THE INTERNATIONAL COLLEGE
CREATIVE ARTS *of*

About Us

The International College of Creative Arts (ICCA) is a specialist, private university for the creative arts incorporated in the United Kingdom and Nigeria. The goal is to bring simplicity and innovation to creative arts education, by providing industry-focused, hands-on training to young creatives across Africa.

Vision & History

Established 16 years ago, ICCA (International College of Creative Arts) began as Tenstrings Music Institute, offering music programs. In 2018, we expanded to include the Lagos School of Design, also known as Black Fragrance School of Design, which offers 11 different programs in the field of design, including Fashion, Graphics and Web Design, Animation, and Photography. Today, Tenstrings and Black Fragrance stand as the largest private school of creative arts in Africa, having successfully trained over 20,000 students from 17 countries across the continent, many of whom have gone on to successful careers in the creative industry.

At ICCA, we are committed to providing our students with a comprehensive, hands-on education that prepares them for the demands of the modern creative industry.

Our Programs & Qualifications

At ICCA, we offer flexible programs that begin with 3-month, 6-month, 1-year, and 18-month professional courses in fields like Animation & Game Design, Graphic Design, Digital Photography, Fashion Design, Interior Design, Creative Entrepreneurship, Content Creation, UI/UX, Video Editing, Drawing, Music Production, and Music Performance. Each course blends creativity, technical skill, and hands-on projects to prepare students for real-world success.

Graduates can advance to our three-year bachelor's programs, offered in partnership with top European universities, completing the final two years through blended e-learning for international experience and certification.

This allows our students to receive a world-class education from some of the best universities in Europe, while studying in Africa. Our students also have free access to our state-of-the-art studios and workshops, where they can execute their projects under the guidance of experienced instructors.

ICCA is the ultimate destination for students seeking a world-class education in the creative arts. With our innovative curriculum, experienced instructors, and unique partnership with leading European universities, we are committed to providing our students with the knowledge, skills, and practical experience they need to succeed in the dynamic and competitive field of creative arts.

ABOUT ICCA

**Imagination,
Individuality,
Flexibility...**

...

ICCA

Think, Innovate, Thrive!

...

At ICCA, we recognize that every student is different, which is why we offer a range of options to suit different learning styles and career goals. Some students may choose to complete their entire three-year program with us, while others may be admitted directly to the final two years of studies, skipping the first year of study and coursework if they can demonstrate sufficient talent, skills, and industry experience.

We are one of the very few colleges in Africa to award academic credits on the merit of brought-forward talent, skills, and industry experience.

Upon graduation, our students receive double degrees from both ICCA and our partner universities, giving them a competitive advantage in the job market. Our graduates have gone on to successful careers in fields such as music, fashion, graphic design, web design, animation, and photography, both in Africa and around the world.

ABOUT THIS PROGRAM

This 1–3 month Video Editing Certificate introduces beginners to the art and craft of video storytelling. You'll learn how to take raw footage and transform it into engaging sequences suitable for social media, web content, or personal projects. The course emphasizes practical skills, creative planning, and understanding visual rhythm, giving you a foundation that supports future advanced study or freelance work.
